

Trail Descriptions and Etiquette

Morro Bay State Park is divided by S. Bay Blvd. The relatively smaller area west of S. Bay Blvd is known as Black Hill. The larger area to the east is commonly referred to as Cerro Cabrillo. Both riding areas cater to cross country riding and feature extensive singletrack. There are some moderately steep climbs, although they are typically short, as the the highest point in the park (Black Hill summit) is only at 661 feet of elevation. Most of the trails wind through coastal sage scrub and native grasslands, with occasional groves of coastal live oak, pine, and eucalyptus. The park surrounds the Morro Estuary Natural Preserve, which provides a haven for many bird species.

When riding these trails, please be mindful of the etiquette recommended by the International Mountain Bicycling Association (IMBA) and CCCMB:

1. Only ride on open trails.
2. Leave no trace.
3. Ride in control of your bicycle.
4. Always yield trail to others.
5. Never scare animals or people.
6. Plan ahead.

Driving Directions

Morro Bay State Park is located in San Luis Obispo County, California.

Who We Are

Since 1987, CCCMB has been working to keep local trails open for trail users. CCCMB members have invested thousands of hours of volunteer effort in the repair of trail erosion, as well as in constructing new trails. Additionally, CCCMB actively represents mountain bikers and other trail users in the political arena. Responsible trail use and observation of trail etiquette are of fundamental importance. This helps to ensure continued trail access for all, prevent erosion and reduce user conflict. As always, all who enjoy this land — hikers, runners, equestrians, and cyclists — are invited to join in and help ensure continued access to our public trails.
